

Hello Highlees,

Miss Lingard has been making pictures this week with all of her favourite colours on because bright colours make her smile. She has been doing scribble drawings. To make this you take a pencil or black felt tip and make a big scribble making sure to leave lots of gaps. Then you colour in each of the gaps with a different colour or pattern. It makes a really pretty picture and also colouring helps Miss Lingard feel calm and relaxed.

**Challenge:**

**Make your own scribble picture with as many colours as you can find!**

**Extra challenge:**

**Try and create a picture where the same colour is never in two spaces that are touching!**
