

Dear Parents/Carers,

As you know, we unfortunately had to send your child home today along with the other children and staff in their bubble. A member of the bubble has exhibited symptoms that may be an indication of COVID-19. We recognise that these symptoms may well be indicators of other illnesses (such as a cold or hay fever) but in line with our safety protocols we have temporarily closed the bubble.

The children and staff in this bubble will not be able to return until the person has been tested. If the test is negative the bubble will reopen. If it is positive we will take steps as advised by Public Health England. We will keep you informed.

The bubble system keeps groups of children separate from each other and so other bubbles will be able to remain in school.

We wish the family well and thank you for your support.

Best wishes.
