

I SPY

For this game you will need:

- Letter sound cards
- objects/pictures with initial sounds to match sounds.

Place objects in the centre of a table.

Ask your child to pick a card from the box, and say:

***“I spy with my little eye something beginning with*”** (looks for an item on the table that matches the sound on the card). This wins your child '1 point'.

Collecting the correct object from the table and placing it with the card in front of them wins '2 points'.
