Newsletter May 2022

HAPPY HOLIDAYS

Wow, what a start to the summer term we have had at Eyrescroft! I was hoping to share the report from our recent Ofsted visit but unfortunately we have not yet had the final report through. As soon as I have it, I will share it with you all. We were incredibly proud of all the staff and children during the inspection! Thank you to those of you who took the time to complete the Ofsted parent questionnaire.

We have had some incredibly hard working children this half term, particularly Year 2 and 6 who have completed their SATs and Year 1 and 4 who are preparing for the Phonics Screen and Multiplication Check which take place after half term. Well done, we are as proud as ever!

You can also see the fun the children have had engaging with their learning, particularly with visits from outside of school and we have many more of these planned for after half term.

This half term holiday is definitely well earned by all! I hope you all have a safe and fun half term holiday with your families and friends.

YEAR 6

Year 6 have worked so hard all year, showing resilience and determination to do their best. They remained focused throughout SATs week and we couldn't be more proud of their efforts. Well done Year 6!

SPORTS DAY

We will be holding sports day on **Monday, 4th July** (weather permitting) with a reserve date of **Wednesday, 13th July**. More info to follow after half term.

MINI BEAST VISIT

The children in EYFS had some very special visitors last week! They were lucky enough to have Emily from Wild Science come into school and talk to them about minibeasts.

She introduced the children to Gary the snail, Skippy the scorpion, Colin the cockroach and Izzy the tarantula. The children had the opportunity to ask questions to learn more about these amazing creatures and some of them were even brave enough to hold them.

DINOSTAR WORKSHOP

Year 1 had a visit from Mr Plater from the Dinostar Museum in Hull. He brought lots of fossils for the children to look at and hold and he shared some amazing dinosaur facts. The children hunted for fossils like palaeontologists, made rubbings and created their own fossil plaster casts. It was an amazing morning!

From September we will become a paperless school where possible. Please ensure we have your correct email address and contact number.

PAPERLESS

From September we will become a paperless school where possible. Please ensure we have your correct email address and contact number.

CHANGE OF DETAILS

Please may we remind you that it is your responsibility to keep us informed of any contact details change i.e. if you move house, change phone numbers etc. It is really important that we have your up to date information in case we need to contact you in an emergency.

SRE

As you are aware, we use the JIGSAW program to teach Personal, Health and Social Education (PSHE). After half term PSHE lessons will focus on Sex and Relationships Education (SRE). Please see [link](#) to the policy on our website. Topics covered by each year group are detailed in the appendices. Please speak to your child's class teacher if you have any questions or concerns.
